

It is good to know about liability issues before embarking on your trip.

Our company has insured the rental cars with IF's Full Comprehensive Insurance suitable for rental use.

If your trip is unexpectedly interrupted:

- Always contact the lessor, who will provide detailed instructions on a case-by-case basis
- In traffic accidents, always contact the police
- For towing needs, contact IF Assistance 24h/7. The number is available 24/7.
- Phone number: 010191840 (IF APU +358 105158777 abroad)
- Online: Search for "IF apu" => If APU 24/7 => select the situation and proceed.
- The insurance covers towing without a deductible:
- The trip is interrupted due to a traffic accident
- The trip is interrupted due to a technical failure
- The trip is interrupted due to a natural phenomenon
- The car does not start in extreme cold
- The car gets stuck in snow during the trip
- The car battery is drained (jump-start cables are available in the car)
- For more detailed/latest terms and conditions, please refer to IF APU 24/7.

Insurance company does not cover towing or other expenses;

(the customer is responsible for paying for the costs incurred by the interruption/repair (examples below)):

- The customer has caused the damage/interruption to the journey in one way or another
- The fuel runs out during the journey
- The customer puts the wrong fuel in the car
- The keys are left locked in the car

Good to know:

- In case of damage, the deductible is 1000€
- The deductible for a broken tire, windshield, or headlight is 300€. The deductible can be adjusted on a case-by-case basis.
